*"A family of believers seeking to grow spiritually while sharing Jesus and serving others."*

**The Five Second Rule**

by Timothy D. Hall

If someone drops a chicken nugget on the floor, it's common to say, "Five-second rule!" The idea is that bacteria doesn't have time to attach to the food. That sounds great, but research shows bacteria can contaminate food dropped in the floor instantly. So, another common saying was recently born, "When in doubt, toss it out."

Not all bacteria make you sick, but some can make you deathly sick. Does this only apply to food? How about things we allow into our eyes, hands, ears, mouths, minds and hearts? Can't that potentially make one deathly sick, spiritually and do great damage?

How long did David stare at Bathsheba as she bathed herself? David could have turned away, but he didn't. So, the lust of his eyes darkened his heart. That led to lies, murder and finally adultery. James 1:14-15, says, "But every man is tempted, when he is drawn away of his own lust, and enticed. Then when lust hath conceived, it bringeth forth sin; and sin, when it is finished, bringeth forth death."

Like David, we sometimes stumble upon enticing images and thoughts accidentally. Other times, we know exactly what we're watching and thinking about. David said it well in Psalm 101:3, "I will set no wicked thing before mine eyes; I hate the work of them that turn aside; it shall not cleave to me."

By refusing to eat food off the floor, it's more likely I won't get sick. By determining not to allow darkness to invade my soul, it's more likely I'll maintain purity and God honoring relationships.

When in doubt, toss it out. What are you setting before your eyes and thoughts? Is your focus bringing forth death, or life?
